

Verteiler Economic 1x2 Control - Bosch Rexroth 3842559945

Item no. BRR-3842559945 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842559945

Compact 1x2 distributor from the Economic line for Bosch Rexroth assembly systems. Splits one control signal into two outputs, reducing wiring effort in automated production lines. Weighs just 0.01 kg for minimal load on the profile.

TECHNICAL DATA

Article authenticity **Original product**

Condition of article **New**

Weight **0.01 kg**

Zolltarifnummer **85366990**

DESCRIPTION

The Distributor Economic 1x2 Control routes one control input to two outputs, cutting wiring complexity in Bosch Rexroth assembly and handling systems. Part of the Economic line, it is designed for straightforward installation and low total cost in standard applications.

- 1 input, 2 control outputs - simplifies cable routing
- Economic line - cost-effective solution for standard automation tasks
- 0.01 kg - negligible additional load on the profile structure
