

Anschlussadapter für Druckwellensensor - Bosch Rexroth 3842559948

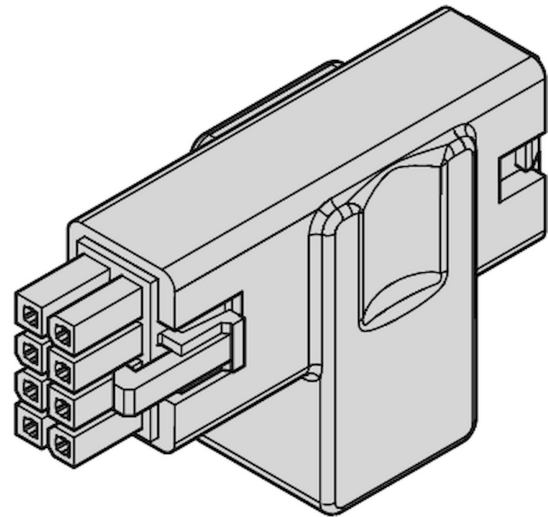

Item no. BRR-3842559948

Manufacturer Bosch Rexroth

Interface component connecting the pressure wave control strip to the pressure wave sensor in Bosch Rexroth assembly systems. The adapter provides a secure mechanical and electrical connection for modular, pressure-monitored assembly stations. Weight: 0.125 kg.

TECHNICAL DATA

Weight	0.125 kg
Zolltarifnummer	85369095

DESCRIPTION

The connection adapter 3842559948 links the pressure wave control strip to the pressure wave sensor within Bosch Rexroth assembly line systems. As part of the modular pressure monitoring assembly, it enables reliable, repeatable mating without special tooling, simplifying both installation and component replacement.

- Precise fit between control strip and sensor - no additional wiring needed
- Modular design allows individual components to be swapped or extended without reworking the assembly
- Compact, lightweight format (0.125 kg) for space-efficient integration

TECHNICAL DATA

Attribute	Value
Article number	3842559948
Description	Connection adapter, pressure wave sensor
Compatible with	Pressure wave control strip (F), connection adapter (E), pressure wave sensor (G)
Weight	0.125 kg
