

Schutzkasten HP2, Gehäuseelement L362 mm - Bosch Rexroth 3842562219

Item no. BRR-3842562219 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842562219

Housing element for the Bosch Rexroth HP2 lift positioning unit, 362 mm in length. The protective cover shields the internal lifting mechanism from contamination and mechanical damage in assembly line environments. Designed for modular integration into HP2-based transfer and assembly systems.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
Weight	0.1 kg
Zolltarifnummer	84313900

DESCRIPTION

The HP2 protective housing (HUB175) is a dedicated housing element for the Bosch Rexroth HP2 lift positioning unit. At 362 mm in length, it encloses the internal mechanics and protects them from dust, chips, and accidental contact during production operations.

- Length of 362 mm - dimensioned precisely for the HP2 lift positioning unit
- Modular design for straightforward integration into existing HP2 installations
- Protects sensitive lift mechanics from contamination and physical contact
