

Schutzkasten HP2 HUB225, Länge 412 mm - Bosch Rexroth 3842562220

Item no. BRR-3842562220 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842562220

Housing element for the HP2 lift positioning unit, 412 mm in length. The HP2 HUB225 protective enclosure shields the drive components from mechanical interference and contamination in Bosch Rexroth assembly and transfer systems.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
Weight	0.1 kg
Zolltarifnummer	84313900

DESCRIPTION

The HP2 HUB225 housing element is a protective enclosure for the HP2 lift positioning unit, covering the internal drive components against mechanical damage and contamination. At 412 mm in length, it integrates precisely into the corresponding HP2 assembly within Bosch Rexroth modular assembly and transfer systems.

- 412 mm length for accurate integration into HP2 lift positioning units
- Reliable enclosure of drive mechanics against dust and mechanical interference
- Full compatibility within the Bosch Rexroth assembly technology product range
