DESCRIPTION

AC DIAGRAM is the Bosch Rexroth software for graphical planning and documentation of assembly systems based on the MTpro product family. This rental license grants full access for up to 10 users for exactly 3 months, allowing teams to evaluate the platform in a real project environment with no long-term commitment.

- Up to 10 concurrent users - no single-seat restriction
- 3-month term - predictable cost, no permanent obligation
- Full feature set of the AC DIAGRAM platform throughout the rental period
- Direct integration with the Bosch Rexroth MTpro planning environment
