DESCRIPTION

The ActiveCockpit Trial package provides time-limited access to the Bosch Rexroth ActiveCockpit platform with no long-term commitment. Over three months, production teams can validate the business case for digital shopfloor integration directly in their own environment.

- **Fast deployment:** Remote installation on the customer server via Skype Meeting - no on-site visit required.
- **Practical license scope:** Base license covers 10 concurrent users and 1 device license.
- **Four productive apps included:** DeviationManager (visualization and incident management), WebFrame (web-based widget display), WebFrameCheckIn (single sign-on with deeplink support), and LeanIndicator (digital KPI recording).
- **Low-risk evaluation:** A three-month trial period provides a solid basis for the investment decision before purchasing a permanent license.
