

Verbindungssatz AB 5-CU 5 für Kurvenantrieb - Bosch Rexroth 3842562895

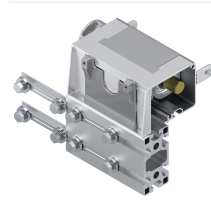

Item no. BRR-3842562895 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842562895

Connection kit for joining the AB 5 drive module to the CU 5 curve module in VarioFlow transfer systems. Required for specific combinations of curve radius, drive module position, and support foot position. Supplied unassembled; supplements the standard AB 5 drive kit where additional connecting parts are needed.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
Weight	0.1 kg
Zolltarifnummer	84834051

DESCRIPTION

The AB 5-CU 5 connection kit is an accessory for the Bosch Rexroth VarioFlow transfer system, providing the mechanical interface between the AB 5 curve drive module and the CU 5 curve module. It is required when particular combinations of curve radius (KR), drive module position (DSM), and support foot position (DST) call for connecting elements beyond those included in the standard AB 5 drive kit.

- Required for configurations: KR 2 / DSM 2 / DST 2, KR 2 / DSM 2 / DST 1, KR 1 / DSM 1 / DST 1, and KR 1 / DSM 1 / DST 2
- Supports both inside-driven and outside-driven curve configurations
- Compatible with VarioFlow curve modules - ready-for-operation branching of workpiece pallet transport
- Supplied unassembled

Technical data

Parameter	Value
Designation	AB 5 - CU 5 connection kit
Article number	3842562895
Weight	2.67 kg
Delivery condition	Not assembled
Compatibility	Drive module AB 5, curve module CU 5, VarioFlow transfer system
