Length	2 m
Weight	0.18 kg
Zolltarifnummer	85444290

DESCRIPTION

The 2 m GST Mini connection cable links the DIM box power supply to an SL 24 basic or SL 12 basic system lamp, or connects two Basic lamps in series. The GST Mini plug-and-socket system allows fast, tool-free connection at any point along the Rexroth profile.

- 2 m length covers standard span between profile-mounted components at assembly workstations
- GST Mini connector for secure, releasable tool-free connection
- Compatible with SL 24 basic, SL 12 basic lamps and the DIM box power supply
- Country version EU and USA/CAN
