DESCRIPTION

The Fastening Kit Plate provides a straightforward and reliable mounting solution for Bosch Rexroth SL LED Basic system lamps. It allows installation on hangers and in profile slots using the included mounting base, and is approved for use at ESD-safe workstations.

- Quick, tool-friendly slot fastening for SL 12 basic and SL 24 basic lamps
- Suitable for ESD workstations when used with Fastening Kit Plate or Bracket
- Compatible with Power Supply DIM Box: supplies up to two SL 24 basic or four SL 12 basic lamps
- Stepless dimming (0-100 %) via ergonomic rotary control (with DIM Box)
- Mains connection via GST; DC lamp connection via GST mini
