Lenght	30 mm
Weight	0.09 kg
Zolltarifnummer	82055980

DESCRIPTION

The GN 300-63-M8-30-SW clamping lever from Bosch Rexroth provides fast, tool-free clamping connections in assembly jigs, machine guarding, and aluminum profile structures. At 0.09 kg, the diecast zinc body with black plastic coating offers a secure grip while keeping weight low.

- M8 thread for direct integration into Rexroth profile systems and standard fixtures
- 30 mm lever length - compact form factor for tight installation spaces
- Diecast zinc body, black plastic coated - corrosion-resistant with a firm grip surface
- Galvanized steel parts, strength class 5.8 - reliable clamping force in continuous use
