DESCRIPTION

The Bosch Rexroth holding bracket set 3842564155 supplies 40 zinc-plated steel brackets in two packs of 20, covering the full mounting requirement for ten lift modules in a single order. The brackets are rated for load versions from 1000 N to 3200 N, making them suitable for light to medium-duty lifting applications in assembly and transfer systems.

- Complete coverage: 40 brackets supplied - one set fits ten lift modules
- Zinc-plated steel: corrosion-resistant and durable in industrial production environments
- Load range 1000 N to 3200 N: suits a wide band of lift module configurations
- Direct fit: designed to match the geometry of the corresponding Bosch Rexroth lift modules
