DESCRIPTION

The 3842564524 dongle from Bosch Rexroth ties a ROKIT Locator license to a defined host computer. One license is required per ROKIT Locator client; eligible licenses are activated and downloaded from the Bosch Rexroth Licensing Center. The dongle serves as the host ID anchor, providing hardware-based licensing on machines without a Trusted Platform Module (TPM 2.0).

- Hardware-bound licensing without a TPM requirement on the host computer
- Host ID obtained via the ROKIT Locator API or the aXessor interface
- MTBF exceeding 3 million hours at 25 °C for reliable continuous operation
- Data retention of 10 years at 20-40 °C
- Compact USB Type A form factor, easy to transfer between service deployments
