

# Plattenhalter 10 QUICK 0° für Plattenelemente 2-6 mm - Bosch Rexroth 3842564670

**Item no.** BRR-3842564670 **Manufacturer** Bosch Rexroth

**Manufacturer no.** 3842564670

POM plate holder for virtually gap-free mounting of panel elements (2-6 mm thick) in profile slot N10. Suitable for subsequent installation in closed frame constructions. Tamper protection via headless setscrew M5x10 available (Machinery Directive 2006/42/EC).

## TECHNICAL DATA

Article authenticity	<b>Original product</b>
Condition of article	<b>New</b>
Country of Manufacture	<b>Italy</b>
Weight	<b>0.008 kg</b>
Zolltarifnummer	<b>39269097</b>

## DESCRIPTION

The plate holder N10 QUICK 0° secures panel elements from 2 to 6 mm thickness flush in front of the profile, achieving a virtually gap-free surface finish. Its design allows insertion into closed frame constructions after the fact, and an optional headless setscrew M5x10 locks the holder against removal in compliance with Machinery Directive 2006/42/EC.

- Virtually gap-free surface finish through flush panel mounting
- Covers panel thicknesses from 2 to 6 mm without changing holder type
- Subsequent installation in closed frame constructions possible
- Tamper protection with headless setscrew M5x10 (recommended accessory)
- Lightweight POM component at 0.008 kg - negligible structural weight

## Technical data

Feature	Value
Profile slot	N10
Panel thickness s min	2 mm
Panel thickness s max	6 mm

<b>Feature</b>	<b>Value</b>
Angle	0°
Material	POM
