DESCRIPTION

The 180x90 ESD filler hopper mounts directly onto the matching Vario grab container, enabling controlled and ergonomic filling with electrostatically sensitive small parts. Docking aids on the hopper guide correct positioning, reducing handling errors on the assembly line.

- ESD-safe ABS construction with defined dissipation resistance - safe handling of electrostatic-sensitive components
- Docking aids for accurate, effortless placement on the Vario grab container
- Designed for the 180x90 Vario grab container - also available for 90x45 and 90x90 sizes
- Lightweight ABS body, weight 0.253 kg, filling weight up to 0.2 kg
