DESCRIPTION

The Basic swivel work chair is built for continuous use at production workstations and meets the requirements of DIN 68877. The stepless seat height adjustment from 580 to 830 mm, combined with a separately height-adjustable backrest, allows ergonomic adaptation to different operator heights and workbench levels.

- Stepless seat height adjustment: 580 to 830 mm
- Separately adjustable backrest height
- Max. load 120 kg - GS-certified safety
- Seat and backrest in 7-layer glued wood, clear varnish - extremely durable and easy to clean
- Plastic star base; soft PP sliders suitable for hard industrial flooring
- Circular footrest required as accessory (sold separately)
