## DESCRIPTION

The mains cable 3842564753 provides a reliable power connection for workstations in manual production systems. At 3.5 m, it gives operators comfortable reach, while the orange PUR jacket (H07BQ-F) withstands oils, lubricants and the mechanical stresses of an industrial assembly environment.

- HD-GST connector type D/F - direct plug-in compatibility with Bosch Rexroth energy supply modules
- PUR jacket H07BQ-F - oil-resistant and abrasion-resistant for continuous industrial use
- 3.5 m cable length - sufficient slack for flexible workstation layouts
- Orange color coding - easy identification during installation and cable management
