

Kabelführungsprofil 120x120, Aluminium eloxiert, L 100-6070 mm - Bosch Rexroth 3842996360

Item no. BRR-3842996360 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842996360

Function-integrated cable management profile 120x120 in anodized aluminium for routing cables and hoses within assembly line structures. The two-part design (profile and hinged cover) provides a usable interior with a concealed 10 mm groove for socket strips or installation elements. Variable cut-to-length supply from 100 to 6070 mm.

DESCRIPTION

The Bosch Rexroth cable management profile 120x120 integrates cable and hose routing directly into the structural aluminium profile, eliminating separate cable ducts and keeping workstations and assembly lines tidy. The closed exterior maintains a professional appearance while the spacious interior accommodates all necessary cabling and utilities.

- Usable interior space for cables and hoses - no additional cable trunking required
- Cover with hinge function on both sides for tool-free access from either direction
- Concealed 10 mm groove accepts socket strips or installation elements
- Screw holes for secure cover plate mounting
- Mounts for dividing strips, grounding cables, and potential equalizer
- Variable length 100-6070 mm, cut to size on site; M12 adaptation in all core holes

Technical data

Feature	Value
Construction	2 parts (profile and cover)

Feature	Value
Cross-section	120 x 120 mm
Open slots	2
Length min. (L min)	100 mm
Length max. (L max)	6070 mm
Delivery unit	1 piece
Profile adaptation	M12 in all core holes
Material	Aluminium, anodized
Weight	0.1 kg (reference piece)
Recommended accessories	Self-tapping screw 3 842 552 267 (cover fixing), Potential equalizer line 3 842 552 234
