DESCRIPTION

The connecting bridge ST 7/OC-CO-2 is a bridging element for ST 7 terminal blocks in Bosch Rexroth assembly technology installations. It provides a secure electrical and mechanical connection between two adjacent terminals, reducing wiring effort and improving reliability in control cabinet builds.

- Fast potential bridging without extra conductors
- Designed for OC-CO-2 terminal combinations (N/O and N/C contacts)
- Positive-locking fit for consistently reliable contact
- Compact at 0.1 kg for easy handling and installation

Technical data

Specification	Value
Type	ST 7/OC-CO-2
Function	Connecting bridge for terminal blocks
Terminal series	ST 7
Contact configuration	OC-CO-2 (N/O and N/C, 2-pole)
Weight	0.1 kg

Specification	Value
Manufacturer	Bosch Rexroth
Article number	3842998997
