

90°-Kurve KE 2/90-O LS für Transfersystem TS 2plus, ESD-geeignet - Bosch Rexroth 3842999034

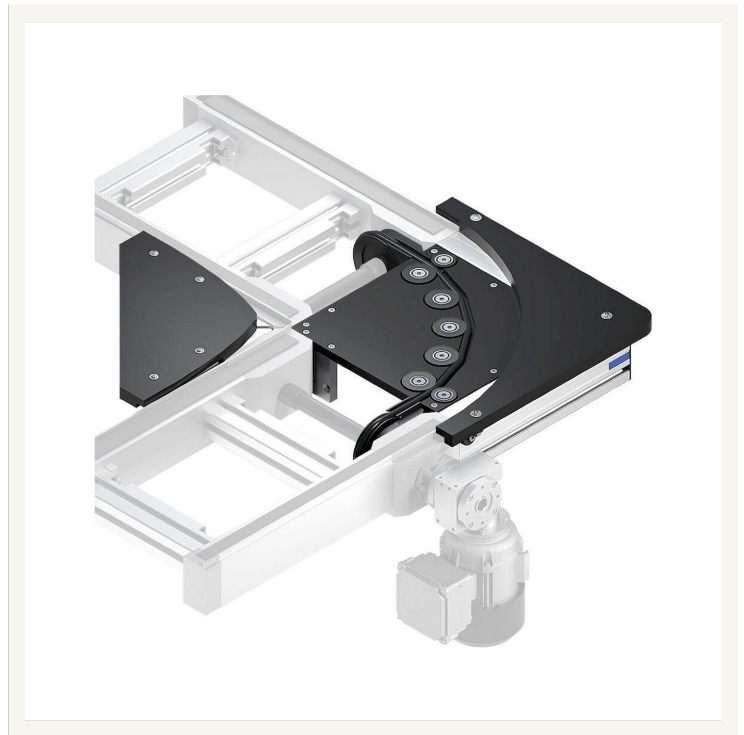

Item no. BRR-3842999034

Manufacturer Bosch Rexroth

The Curve KE 2/90-O LS redirects workpiece pallets through 90 degrees within the Bosch Rexroth TS 2plus transfer system. ESD-compatible and rated for pallet total weights up to 20 kg, it is available in four lengths from 160 to 400 mm. The unit ships partially assembled with the inner guide included.

ESD safe

DESCRIPTION

The Curve KE 2/90-O LS is a 90-degree direction-change unit for the Bosch Rexroth TS 2plus transfer system. Its ESD-compatible design makes it suitable for electrostatically sensitive assembly and production environments. Four selectable lengths in the direction of transport accommodate a wide range of line layouts, and the unit carries workpiece pallets up to 20 kg total weight.

- ESD-compatible for electrostatic-sensitive assembly processes
- Maximum workpiece pallet total weight: 20 kg
- Preferred lengths in direction of transport: 160, 240, 320, and 400 mm
- Scope of delivery: curve complete with fastening parts; inner guide included; partially assembled
- Fully compatible with other TS 2plus system components
