DESCRIPTION

Perforated Euro container in the 60 x 40 cm footprint with open walls and base for excellent air and liquid permeability.

- Open structure gives optimal air circulation, ideal for goods that need to dry or stay moist
- Liquids drain away freely
- Contents and fill level are visible at a glance
- Hygienically flawless, easy to clean and dishwasher safe
- Lower own weight while remaining stackable to standard

Used in food logistics, the fruit and vegetable trade and for washing, draining and drying parts.

Made of food safe polypropylene (PP), resistant to acids and alkalis, manufactured in Germany.
