

Rigolenfüllkörper 80 x 80 x 35 cm - Auer RG88-G

Item no. RG88-G

Manufacturer Auer

Modular Rigoletto infiltration body in polypropylene for underground rainwater infiltration, retention and storage. A high void ratio of 95 percent offers large storage volume in a small space.

TECHNICAL DATA

Country of Manufacture **Germany**

Hinweis **Stück auf Palette - 8**

Weight **1 kg**

Zolltarifnummer **39239000**

DESCRIPTION

Modular Rigoletto infiltration body in polypropylene for underground rainwater infiltration, retention and storage.

- A high void ratio of 95 percent offers large storage volume in a small space.
- The modular design combines freely into soakaways of any size.
- An inspection channel and inspection tunnel allow checking and cleaning.
- Made of polypropylene and installable even under trafficked surfaces.

Used in civil engineering and landscaping for soakaway systems and rainwater management.

Made of polypropylene, manufactured in Germany.
