

Werkzeughalter rund D29 ESD, Edelstahl - Bosch Rexroth 3842514524

Item no. BRR-3842514524

Manufacturer Bosch Rexroth

Round ESD tool holder with a 29 mm diameter, made from stainless steel (VA), for mounting on Rexroth workstation systems. Keeps soldering irons and similar hand tools secure and within reach while preventing electrostatic discharge. Suitable for ESD-protected assembly and rework environments.

TECHNICAL DATA

Ausführungsklasse **ESD (antistatic)**

Country of Manufacture **Germany**

Weight **0.28 kg**

Zolltarifnummer **83024900**

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The round D29 ESD tool holder from Bosch Rexroth securely holds soldering irons and comparable hand tools, integrating directly into the Rexroth workstation system. Its ESD rating protects sensitive assemblies from electrostatic discharge at the point of use. The cylindrical 29 mm profile fits the standard carriers of the Rexroth assembly system, allowing flexible positioning along the workstation frame.

- ESD-compliant: protects electrostatic-sensitive components and assemblies during soldering and assembly operations
- Stainless steel (VA): corrosion-resistant, durable and easy to clean
- Round D29 mm profile: fits directly into the Rexroth workstation system, tool-free installation
- Compact at 0.28 kg: adds no significant load to the workstation structure
