## DESCRIPTION

The 3842517045 mains cable connects system lamps, socket strips, and power rails in the Bosch Rexroth assembly technology system to the mains supply. The ready-assembled D/F-GST plug eliminates the need for tools or specialist knowledge during installation.

- Ready to use out of the box - no assembly or crimping required
- VDE-certified version for Germany and France (D/F)
- Flexible black PVC cable to H05VV-F standard
- 5 m length allows flexible positioning within the workstation system
- Country versions for GB, CH, and USA/CAN available as separate articles
