## DESCRIPTION

The Connection Cable EU L=2m links Bosch Rexroth Assembly Technology system lights to each other or to the power supply quickly and reliably. Its factory-fitted GST connector supports tool-free plug-and-play installation, cutting wiring effort at assembly lines and workstation systems.

- Plug-and-play connector: no tools, no separate wiring required
- 2 m length: suited to typical spacing between system lights and feed points
- EU version (GST connector): approved for the European market
- Black finish: unobtrusive integration into profile systems and workstation layouts
