DESCRIPTION

The Fetra 3393 is a high-volume box cart with mesh side walls for moving bulky bulk goods and loose parts. At 1200 x 780 mm it holds more than its smaller sister model while keeping the loose load securely contained.

KEY BENEFITS

- Total load capacity 750 kg on a large 1200 x 780 mm load area
- Mesh walls enclose bulky material and detach or fold down for flat loading
- Load-bearing base level rated 90 kg per level for mixed loads
- TotalStop brake locks the swivel castor and wheel together, FixStop holds the track on ramps and slopes
- 200 mm TPE wheels roll easily and quietly over sills and rough floors

TECHNICAL DATA

- Total load capacity: 750 kg
- Capacity per level: 90 kg
- Load area: 1200 x 780 mm
- Tyres: TPE, wheel diameter 200 mm
- Brake: TotalStop and FixStop
- Net weight: 151 kg

APPLICATIONS

For moving high-volume small parts, packaging and bulk goods between goods-in, manufacturing and dispatch. The larger load area suits bigger batches that need to be moved clearly contained and bundled.

QUALITY AND SERVICE

Made in Germany, 10-year warranty on the welded frame.
