ESD safe

DESCRIPTION

The Fetra 4122V is a four-wheel cart with a steerable front axle that moves heavy loads up to 800 kg manoeuvrably through narrow aisles and halls. The 945 x 545 mm load area is enclosed by four waterproof plywood walls.

Key benefits

- 800 kg load capacity with a steerable front axle for a tight turning radius
- Four surrounding waterproof plywood walls keep the load secure
- Solid rubber tyres Ø260 mm that run puncture-proof and maintenance-free, even on rough ground
- Welded steel-tube frame, powder-coated RAL 5007

Technical data

- Total load capacity: 800 kg
- Load area: 945 x 545 mm
- Type: four-wheel with steerable front axle (turntable steering)
- Tyres: solid rubber tyres, wheel diameter 260 mm
- Net weight: 44 kg

Applications

For transporting heavy, bulky goods over longer distances in production, warehouse and dispatch where tight cornering is required.

Quality and service

Made in Germany, 10-year warranty on the welded frame.
