Chair truck for transporting stacked chairs, carrying frame rated 70 kg with a 500 mm arm length. Combines a stacking truck with a height-adjustable steel-tube frame, powder-coated blue RAL 5007, on pneumatic wheels 260 x 85 mm.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Warranty	10 years
Weight	16 kg
Zolltarifnummer	87168000

DESCRIPTION

The Fetra B1335L moves stacked chairs quickly and gently through halls, hotels, schools and event venues. It combines a sturdy stacking truck with a height-adjustable steel-tube carrying frame.

KEY BENEFITS

- Carrying frame rated 70 kg, arm length 500 mm, carrying width 250 mm
- The steel-tube carrying frame hooks on by hand, is infinitely height-adjustable and self-locking. When not in use it hooks onto the side rails and is secured with a hook-and-loop strap, so the truck remains free for other transport tasks.
- pneumatic wheels 260 x 85 mm on plastic rims with roller-bearing hubs for easy running
- Sturdy welded frame, powder-coated blue RAL 5007
- Safety grips, curved top bar and cross braces

TECHNICAL DATA

- Carrying-frame capacity: 70 kg
- Arm length: 500 mm
- Carrying width: 250 mm
- Tyres: pneumatic wheels 260 x 85 mm
- Overall width: 580 mm
- Overall height: 1300 mm
- Net weight: 16.0 kg

APPLICATIONS

For moving stacked chairs in event services, hospitality, schools and administration. The truck remains available for other in-plant transport at any time.

QUALITY AND SERVICE

Made in Germany, 10-year warranty on the welded frame.
