DESCRIPTION

The Fetra 1065 moves full and empty 200-litre drums safely through stores, workshops and filling areas. The welded steel-tube frame carries 300 kg and accepts all common rimmed 200-litre drums.

Key benefits

- 300 kg load capacity for full rimmed 200-litre drums
- Oil-tight collection tray 100 mm high catches leaking media
- Solid rubber wheels 250 mm with roller-bearing hubs run easily over sills and rough floors
- Welded steel tube, powder-coated RAL 5007, permanently surface-protected

Technical data

- Total load capacity: 300 kg
- Tyres: solid rubber, wheel diameter 250 mm
- Collection tray: 100 mm high, oil-tight
- Overall width: 680 mm
- Overall height: 1600 mm
- Net weight: 16 kg

Applications

For in-plant transport of oil, chemical and food drums in production, storage and filling. The tray retains escaping liquids and protects the floor.

Quality and service

Made in Germany, 10-year warranty on the welded frame.
