DESCRIPTION

The Fetra 22852 makes flat pallets and mesh boxes mobile without a pallet truck. The welded steel frame with four corner catches carries 1200 kg and locates the load securely.

KEY BENEFITS

- 1200 kg load capacity for full pallets and mesh boxes
- polyurethane 200 mm wheels with ball-bearing hubs run easily and protect the floor
- Total-stop brake locks the running and steering castor at once and secures the load during loading
- Low 282 mm deck height keeps the load ergonomically close to the floor
