

Snap-on Lid for KLT Container Footprint 600 x 400 mm - Auer KLT-D 65

Item no. KLT-D 65

Manufacturer Auer

Snap-on lid made of polypropylene for KLT containers with a 600 x 400 mm footprint. It protects contents against dust and dirt and supports stable stacking in storage and transport. Colour silver grey similar to RAL 7001.

TECHNICAL DATA

Weight

0.663 kg

DESCRIPTION

The snap-on lid closes KLT containers with a 600 x 400 mm footprint and protects contents against dust, splash water and access. Made of polypropylene, it supports clean stacking of Euro-size containers in storage and dispatch.

BENEFITS

- Precise fit for KLT containers with a 600 x 400 mm Euro-size footprint
- Polypropylene is durable, chemical-resistant and easy to clean
- Protects contents against dust and soiling
- Covers the full 600 x 400 mm Euro footprint

TECHNICAL DATA

- Suitable for footprint: 600 x 400 mm
- Material: PP (polypropylene)
- Colour: silver grey similar to RAL 7001
- Weight: 0.663 kg

APPLICATIONS

For protected storage and transport of Euro-size small load carriers in production, order picking and dispatch.
