

Transport dolly Maxi HD with linking system 82 x 62 cm, polyamide wheels - Auer RO V 86.4 HD PA BO.L-3020

Item no. RO V 86.4 HD PA BO.L-3020**Manufacturer Auer**

Transport dolly measuring 82 x 62 cm for Euro containers with an 80 x 60 cm footprint. Two swivel and two fixed polyamide castors give directional stability when pulling over longer distances. The linking system couples several dollies into a train.

TECHNICAL DATA

Weight **6.82 kg**

DESCRIPTION

The Maxi HD transport dolly moves Euro containers with an 80 x 60 cm footprint close to the floor. Its 250 kg load rating carries fully loaded and stacked containers.

BENEFITS

- Two swivel and two fixed castors provide reliable tracking when pulling over longer routes.
- Polyamide wheels with a 12.5 cm diameter roll smoothly and resist oil, grease and many chemicals.
- Linking system couples several dollies into a continuous transport train.
- ABS frame with a 250 kg load rating at a dead weight of just 6.82 kg.

TECHNICAL DATA

- External dimensions L x W: 82 x 62 cm
- Wheel configuration: 2 swivel castors, 2 fixed castors
- Frame material: ABS
- Wheel material: PA (polyamide)
- Wheel diameter: 12.5 cm
- Load rating: 250 kg
- Weight: 6.82 kg
- Colour: traffic red similar to RAL 3020

APPLICATIONS

Suited to internal transport, order picking and buffering in warehousing, production and dispatch.
The swivel and fixed castor mix eases pulling along straight routes.
