

Maxi HD Transport Dolly with Interlocking System 82 x 62 cm, polyamide wheels - Auer RO V 86.4 HD PAX BO.L-3020

Item no. RO V 86.4 HD PAX BO.L-3020

Manufacturer Auer

The Maxi HD transport dolly holds Euro containers with an 80 x 60 cm base and links several dollies into a train via the interlocking system. The ABS body carries up to 250 kg and runs on polyamide (PA) in traffic red. The castors measure 12.5 cm in diameter.

TECHNICAL DATA

Weight	5.92 kg
--------	---------

DESCRIPTION

The Auer Maxi HD transport dolly moves Euro containers with an 80 x 60 cm footprint through the warehouse and production. The 82 x 62 cm outer dimensions hold the container precisely, and the interlocking system couples several dollies into a stable transport train. Load capacity is 250 kg.

BENEFITS

- Interlocking system couples several dollies into a tugger train and shortens routes
- Load capacity of 250 kg for heavily loaded containers
- 2 stainless steel swivel castors and 2 stainless steel fixed castors provide smooth, quiet travel
- Body made of stable ABS, Polyamide wheels run smoothly and resist abrasion
- Castor diameter of 12.5 cm rolls easily over joints and thresholds

TECHNICAL DATA

- Outer dimensions L x W: 82 x 62 cm
- Castor configuration: 2 stainless steel swivel castors and 2 stainless steel fixed castors
- Body material: ABS
- Castor material: polyamide (PA)
- Castor diameter: 12.5 cm
- Load capacity: 250 kg
- Weight: 5.92 kg

- Colour: traffic red similar to RAL 3020

APPLICATIONS

For in-house transport of Euro containers with an 80 x 60 cm base in order picking, assembly and dispatch. Several coupled dollies form a tugger train for recurring transport routes.
