

Maxi HD Transport Dolly with Interlocking System 82 x 62 cm, rubber wheels - Auer RO V 86.6 HD GU BO.L -3020

Item no. RO V 86.6 HD GU BO.L -3020

Manufacturer Auer

The Maxi HD transport dolly holds Euro containers with an 80 x 60 cm base and links several dollies into a train via the interlocking system. The ABS body carries up to 250 kg and runs on rubber in traffic red. The castors measure 12.5 cm in diameter.

TECHNICAL DATA

Weight **6.63 kg**

DESCRIPTION

The Auer Maxi HD transport dolly moves Euro containers with an 80 x 60 cm footprint through the warehouse and production. The 82 x 62 cm outer dimensions hold the container precisely, and the interlocking system couples several dollies into a stable transport train. Load capacity is 250 kg.

BENEFITS

- Interlocking system couples several dollies into a tugger train and shortens routes
- Load capacity of 250 kg for heavily loaded containers
- 4 swivel castors and 2 fixed castors provide quiet running that protects sensitive floors
- Body made of stable ABS, Rubber wheels absorb shocks and protect the floor surface
- Castor diameter of 12.5 cm rolls easily over joints and thresholds

TECHNICAL DATA

- Outer dimensions L x W: 82 x 62 cm
- Castor configuration: 4 swivel castors and 2 fixed castors
- Body material: ABS
- Castor material: rubber
- Castor diameter: 12.5 cm
- Load capacity: 250 kg
- Weight: 6.63 kg

- Colour: traffic red similar to RAL 3020
- Interlocking system: Interlocking system on the long side

APPLICATIONS

For in-house transport of Euro containers with an 80 x 60 cm base in order picking, assembly and dispatch. Several coupled dollies form a tugger train for recurring transport routes.
